Re: AUX - New Bedford Harbor; copying expenses at Battelle

Dear Ms. Ryan,

Enclosed is a copy of a letter with attachments which I received recently from Richard McGrath of Battelle Ocean Sciences. Mr. McGrath's letter indicates that they have \$1,879.77 in imposed copying expenses which they had incurred at Nutter, McClennan's request.

My understanding from our discussion on the telephone is that you are planning to pay these bills. Please let me know if you have any questions.

Yours Sincerely

A handwritten signature in cursive script, appearing to read "Charles C. Bering".
